

TRISTAN VIC T. CLARITO

Full Stack Developer

Roxas, Capiz | tristanvicclarito2003@gmail.com | 09298309621 | <https://www.linkedin.com/in/tristan-vic-clarito-a256322a0/>

PROFESSIONAL SUMMARY

Aspiring Full-Stack Developer passionate about designing and developing modern web applications using Next.js, React.js, Express.js, TypeScript, and Socket.IO. Committed to writing clean, maintainable code and delivering secure, responsive, and high-quality software solutions while continuously learning new technologies.

TECHNICAL SKILLS

Programming Languages: TypeScript, JavaScript, Python

Tech Stack: React.js, Next.js, Tailwind CSS, Node.js, Express.js, Socket.IO, React Query

Databases & Backend: PostgreSQL (Prisma), MongoDB (Mongoose), ERPNext, Frappe Framework, REST APIs, Authentication & Authorization (JWT)

Tools: Git, GitHub, Postman, Figma (Basic), ChatGPT, GitHub Copilot

WORK EXPERIENCE

IT Intern

SERVIO Technologies

February 2026 – Present

- Supported ERPNext implementation by investigating support tickets, validating financial records, performing test data imports, documenting import procedures, and identifying root causes of import-related issues.
- Assisted with ERPNext deployment and DevOps tasks, including configuring multiple bench environments on a DigitalOcean server and supporting production deployment activities.
- Collaborated with cross-functional teams to create 60+ training module outlines and 40+ presentation decks, while validating over 200 Journal Entry and General Ledger (GL) records to ensure data accuracy.

PROJECTS

Commuhelp: An Online Counseling and Support System for FCU High School Students

Solo Developer | Capstone Project

April 2025 – April 2026

- Developed a full-stack web application that provides secure and anonymous mental health support through real-time counseling, community forums, mood tracking, appointment scheduling, and AI-assisted guidance.
- Implemented secure authentication with role-based access, real-time messaging, video counseling, and core counseling workflows using modern web technologies.
- Technologies:** Next.js, React.js, TypeScript, Express.js, Socket.IO, Prisma (PostgreSQL), Redis, JWT, Tailwind CSS, Twilio, Cloudinary, Grok LLM.

EDUCATION

Bachelor of Science in Information Technology

Filamer Christian University

Graduated: 2026
